

# Nat Larson

I'm a 31 year old singer/songwriter from Winslow, AZ, yes that Winslow, AZ from the Eagles song "Take It Easy"

I write what I've lived and I write what I've dreamed. I hope it gives someone a foothold to stand on in this crazy life. We're all in the same mud. I simply want my music to not just be heard, but be of use to someone. I hope that my music lets somebody know, that someone out there knows how they feel. I've been through some serious stuff in my life. I'm on my second round of dialysis after my transplanted kidney failed in December of 2008. It's been 1 year and 9 months today 9/11/2010. Life's a struggle for some and damn near impossible for everyone else. Head and hopes are high. I'm not discouraged, My music is my lifeline (hopefully a financial one before long) I'm doing my best to put out the best I can. Hope you enjoy and thanks for reading.
